

# Power Parts Washer

OLD VALUES. NEW IDEAS.

Environmentally  
friendly automatic  
washers in a size  
& model to meet  
your needs.

## Alkota Cleaning Systems

For over forty years Alkota Cleaning Systems has been making the best cleaning equipment in the world. Our products are engineered and manufactured to give you the best in durability, efficiency and reliability.

With our line of environmentally friendly automatic parts washers, we have the size and model to meet your needs.

### SAVE TIME AND MONEY

With an Alkota Parts Washer, you'll be able to save time and money by cleaning your parts in just minutes. It's as easy as operating a microwave oven! Simply put your parts in the washer, close the door and set the timer. In just a few, short minutes come back to sparkling, oil free parts.

### ENVIRONMENTALLY FRIENDLY

Our washers operate with hot water and biodegradable detergents. This eliminates the need for damaging solvents and aerosol cleaners. And no more worrying about disposal problems.

Alkota Parts Washers are good for the environment and your bottom line!

- Manual oil skimmer (model 109 only)
- Water turned turntable

### OPTIONAL FEATURES

- 220-440V / 3 HP
- Filtration
- Auto refill
- 7-day timers for heat and/or skimmer
- Separate brush pump
- Oil skimmer
- Casters
- Low water shut-off

## 10 Reasons to use an Alkota Parts Washer

- **SAFETY**  
*Hot water and biodegradable detergents are safe to work with.*
- **COMPACT DESIGN**  
*Our fully self contained washers are about the same size as a solvent tank.*
- **FULLY AUTOMATIC**  
*Times cycle allows the user to perform other tasks while parts are washed.*
- **CLEANER PARTS**  
*Dirt, oil and grease naturally separate from water. The wash solution remains cleaner and does not redeposit on the parts enhancing quality.*
- **OIL SKIMMER**  
*The oil skimmer removes floating petroleum products.*
- **TURNTABLE ROTATION**  
*The turntable turns the parts to ensure complete exposure to wash solution resulting in cleaner parts.*
- **HAND BRUSH**  
*An optional pump fed hand brush is available for larger parts and special detailing.*
- **NATIONWIDE SERVICE**  
*With Alkota you have the support of a large service network.*
- **ENVIRONMENT**  
*No dangerous and damaging solvents. Just hot water and biodegradable detergents.*
- **BOTTOM LINE**  
*Parts washers take the manual labor out of parts cleaning improving your bottom line!*
