

## LGR 7000XLi

### Advanced LGR Performance

Breaking the performance barriers as the new category leader, the LGR 7000XLi removes more water than any other dehumidifier in its category! Want to unlock the true potential of LGR performance for your business? Look to the LGR 7000XLi from Dri-Eaz.

### Product Features

- Advanced Crossflow Technology maximizes efficiency even in low grain environments. Ensures best performance across range.
- Self-monitoring system. Built-in sensors monitor performance parameters allowing for automatic fan speed adjustments.
- Built-in humidistat and plain-English control panel messages
- Sealed large-capacity pump basin – more than enough to handle the water from an unintentional defrost that might occur after a power outage or other unexpected shut-down.
- Ergonomic design. Handle 2 in. taller for easier use on stairs, folds down for storage. Integrated cord and hose storage.
- Versatile application – standard 12 in. ductable outlet.
- Legendary rotomolded housing – practically indestructible – resists dents and dings – stackable for storage – saves room in warehouse.
