## Applied Microbial Remediation Technician Course

(AMRT) An Approved Course for the IICRC AMRT Certification Exam

Where:

**NEW ENGLAND STEAMWAY**

128 East St

Wallingford, CT 06492

When:

**Monday – Thursday (4 days)**

**May 7<sup>th</sup> - 10<sup>th</sup>, 2018 Hands on!**

**8:00 AM to 5:00 PM**

### What You Will Learn with Hands On Activities

This course addresses mold and sewage remediation techniques. This course is ideal for individuals engaged in property restoration, property management, as well as IEQ investigations and other related professions. Emphasis will be placed on teaching mold and sewage remediation techniques to individuals who will perform these procedures in the field. Course graduates will be introduced to the techniques, concepts and procedures to perform remediation services. A strong emphasis of protecting the health and safety of workers and occupants is presented throughout the entire course.

### Meet Your Instructor MARK CORNELIUS

### Disaster Restoration Company founder, Instructor, Consultant

Mark is an IICRC approved instructor in AMRT (Mold), Water, Fire/Smoke, OCT, Carpet cleaning, HST Equ. OSHA 10 & 30 hour and Forensics Cleaning Technician. As Mark taught his first class he found a passion for teaching and sharing the ins and outs, ups and downs of the industry he has worked in for over 30 years. Mark is still active in the field and performs hands on work in all aspects of the industry; structural drying, carpet cleaning, fire/smoke cleanup, mold remediation and industry consulting. Mark has taught classes all over the US and Canada for years and was a contract instructor with RSA for almost three years. Late 2014, Mark decided to form his own IICRC approved school and produced his own curriculum with safety being the first chapter. Mark Cornelius founded Disaster Recovery Industries, Inc. in 2001. Mark started in the cleaning and restoration industry in 1982 and is IICRC Master Water, Fire and Textile certified. When he is not teaching classes it is not unusual to find him still getting his hands dirty and his feet wet. Just ask him when his last water damage was or when he last pulled moldy sheetrock off a wall. Mark is one of the first in the world holding the ANSI accredited IICRC MRS (Mold Remediation Specialist) certification and sat on the Beta testing of the exam process. Mark also served as the IICRC Vice-Chair on the OCT committee in 2017. Mark is uniquely qualified in the industry as an active volunteer NPQ 1 Fire Fighter since 2004, an EMT Intermediate since 2008, and NPQ level 1 fire instructor.
