### Meet Your Instructor MARK CORNELIUS

### Disaster Restoration Company founder, Instructor, Consultant

Mark is an IICRC approved instructor in AMRT (Mold), Water, Fire/Smoke, OCT, Carpet cleaning, HST Equ. OSHA 10 & 30 hour and Forensics Cleaning Technician. As Mark taught his first class he found a passion for teaching and sharing the ins and outs, ups and downs of the industry he has worked in for over 30 years. Mark is still active in the field and performs hands on work in all aspects of the industry; structural drying, carpet cleaning, fire/smoke cleanup, mold remediation and industry consulting. Mark has taught classes all over the US and Canada for years and was a contract instructor with RSA for almost three years. Late 2014, Mark decided to form his own IICRC approved school and produced his own curriculum with safety being the first chapter. Mark Cornelius founded Disaster Recovery Industries, Inc. in 2001. Mark started in the cleaning and restoration industry in 1982 and is IICRC Master Water, Fire and Textile certified. When he is not teaching classes it is not unusual to find him still getting his hands dirty and his feet wet. Just ask him when his last water damage was or when he last pulled moldy sheetrock off a wall. Mark is one of the first in the world holding the ANSI accredited IICRC MRS (Mold Remediation Specialist) certification and sat on the Beta testing of the exam process. Mark also served as the IICRC Vice-Chair on the OCT committee in 2017. Mark is uniquely qualified in the industry as an active volunteer NPQ 1 Fire Fighter since 2004, an EMT Intermediate since 2008, and NPQ level 1 fire instructor.
